

# *1st Annual Conference on Critical Infrastructure Resilience*

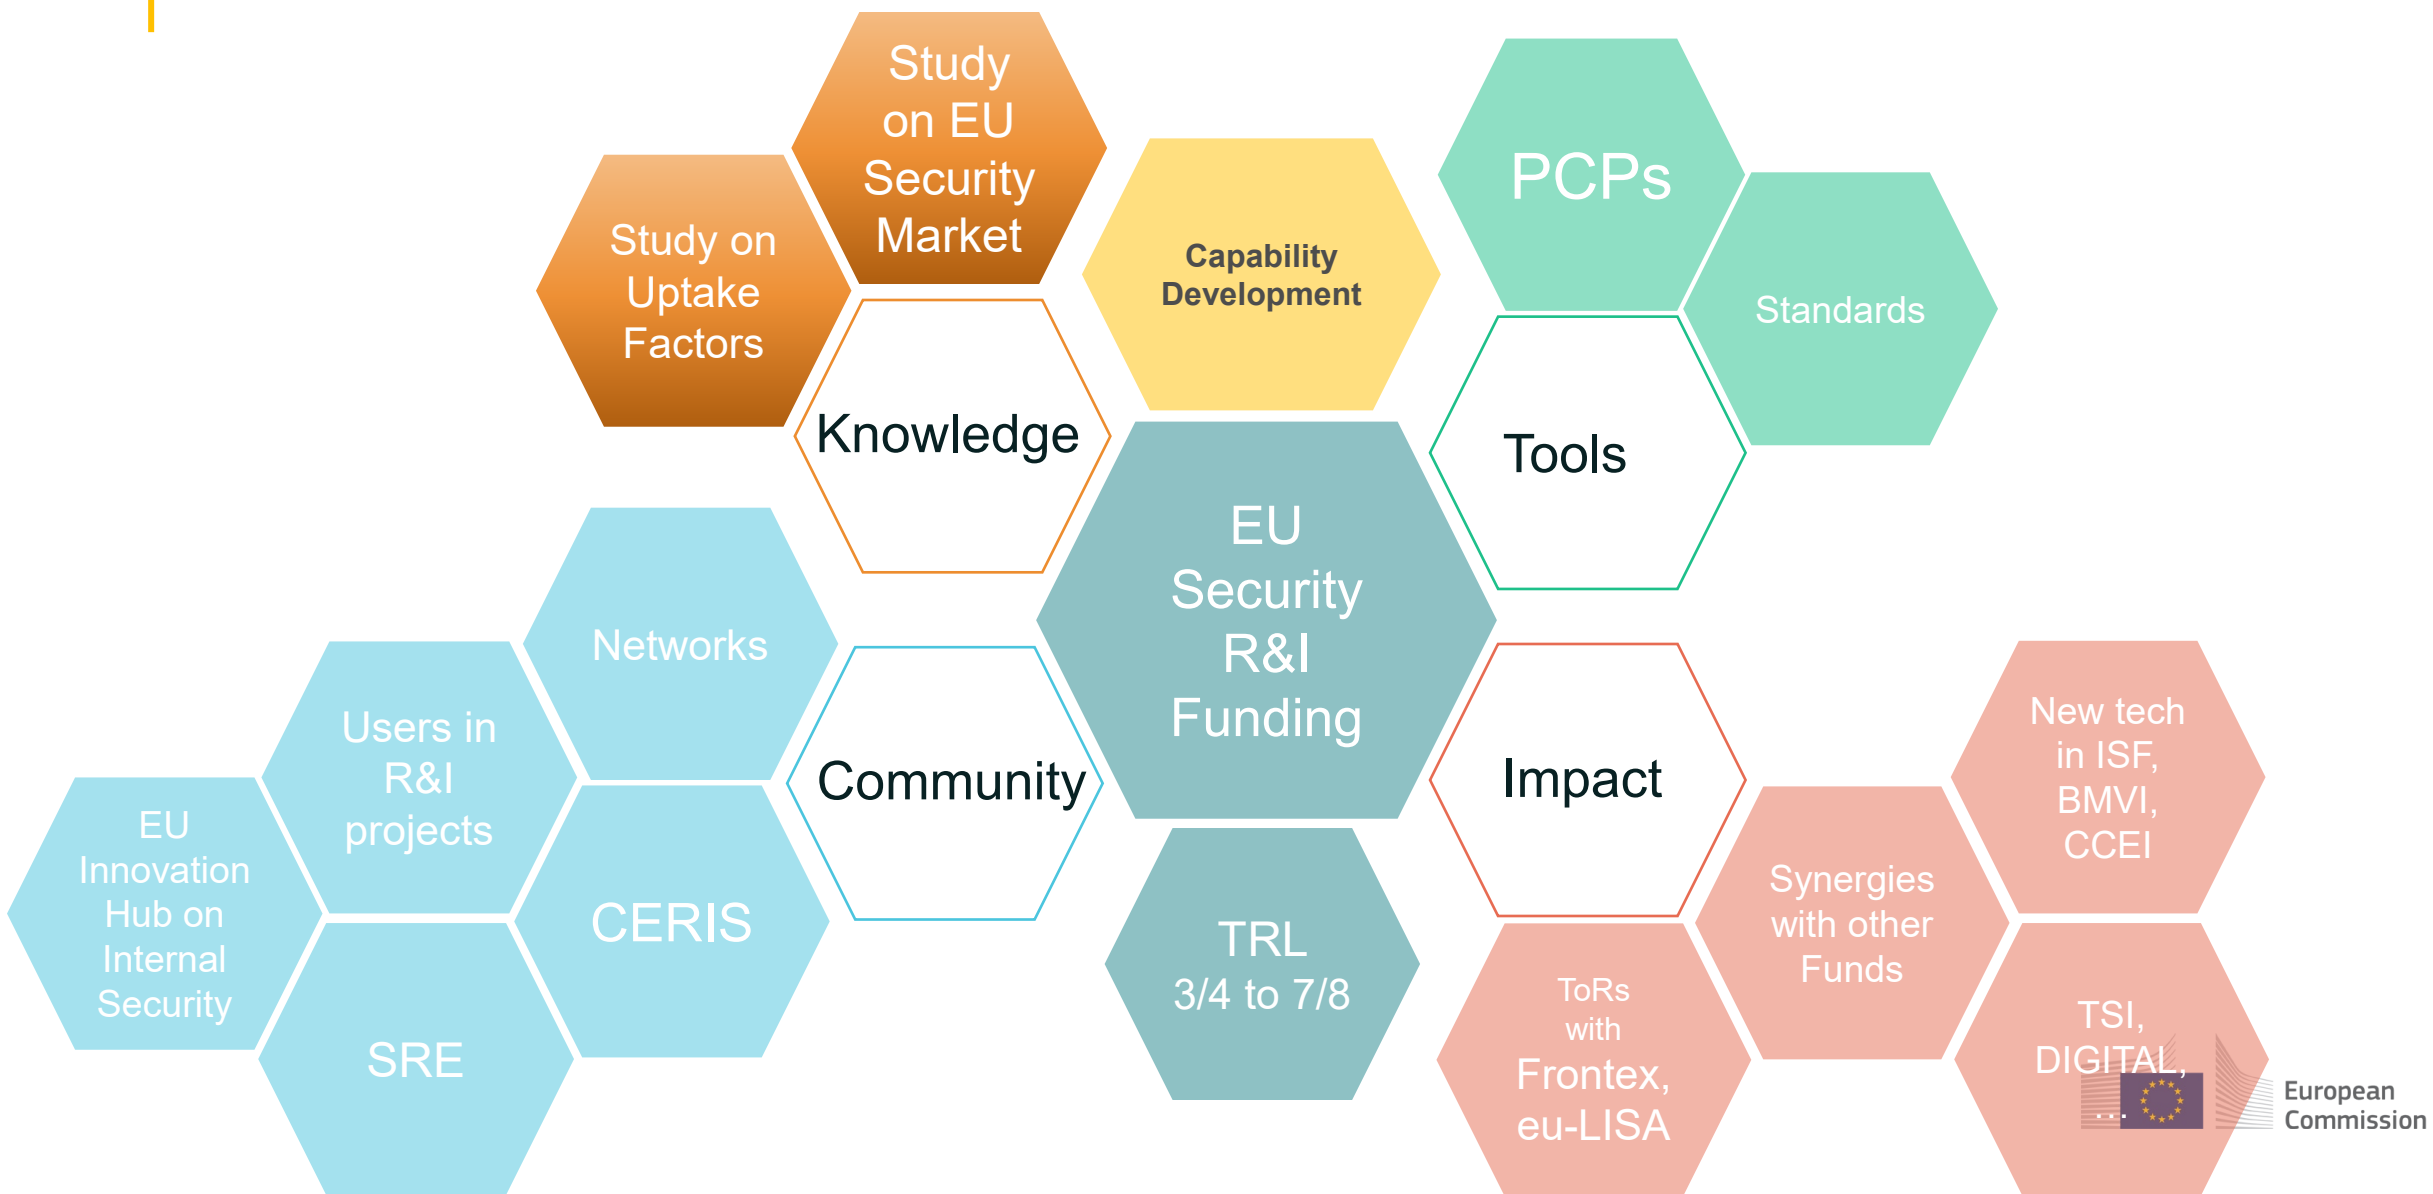

## *“Reinventing European resilience”*

*EU-CIP Project & ECSCI Cluster Conference*

*20-21 September 2023, Brussels.*

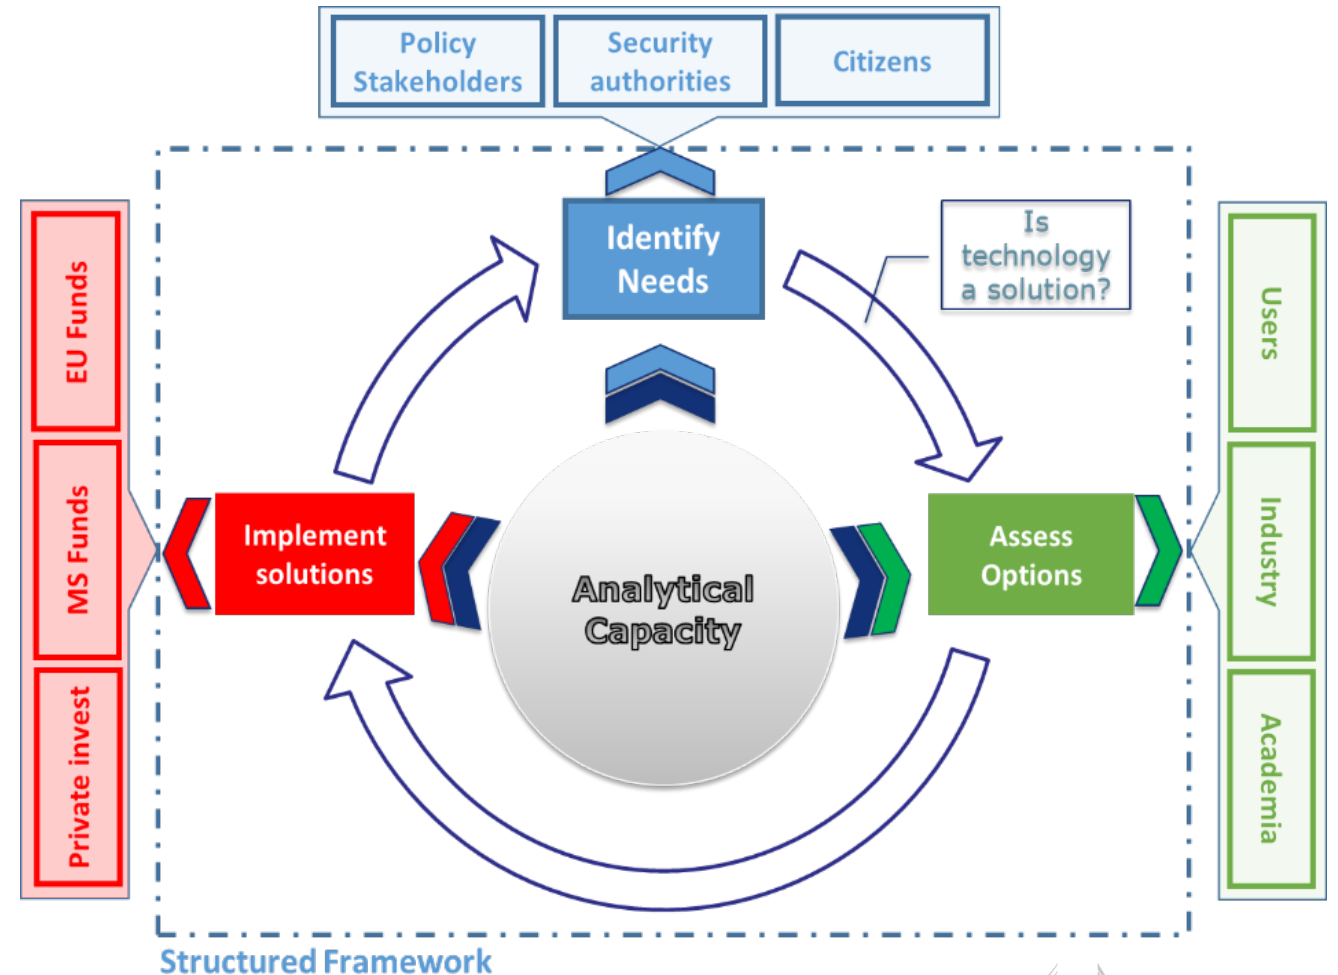

*Giannis Skiadaresis  
SSRI Area Coordinator  
DG HOME - Innovation and Security Research  
European Commission*

# Addressing civil security innovation in the EU

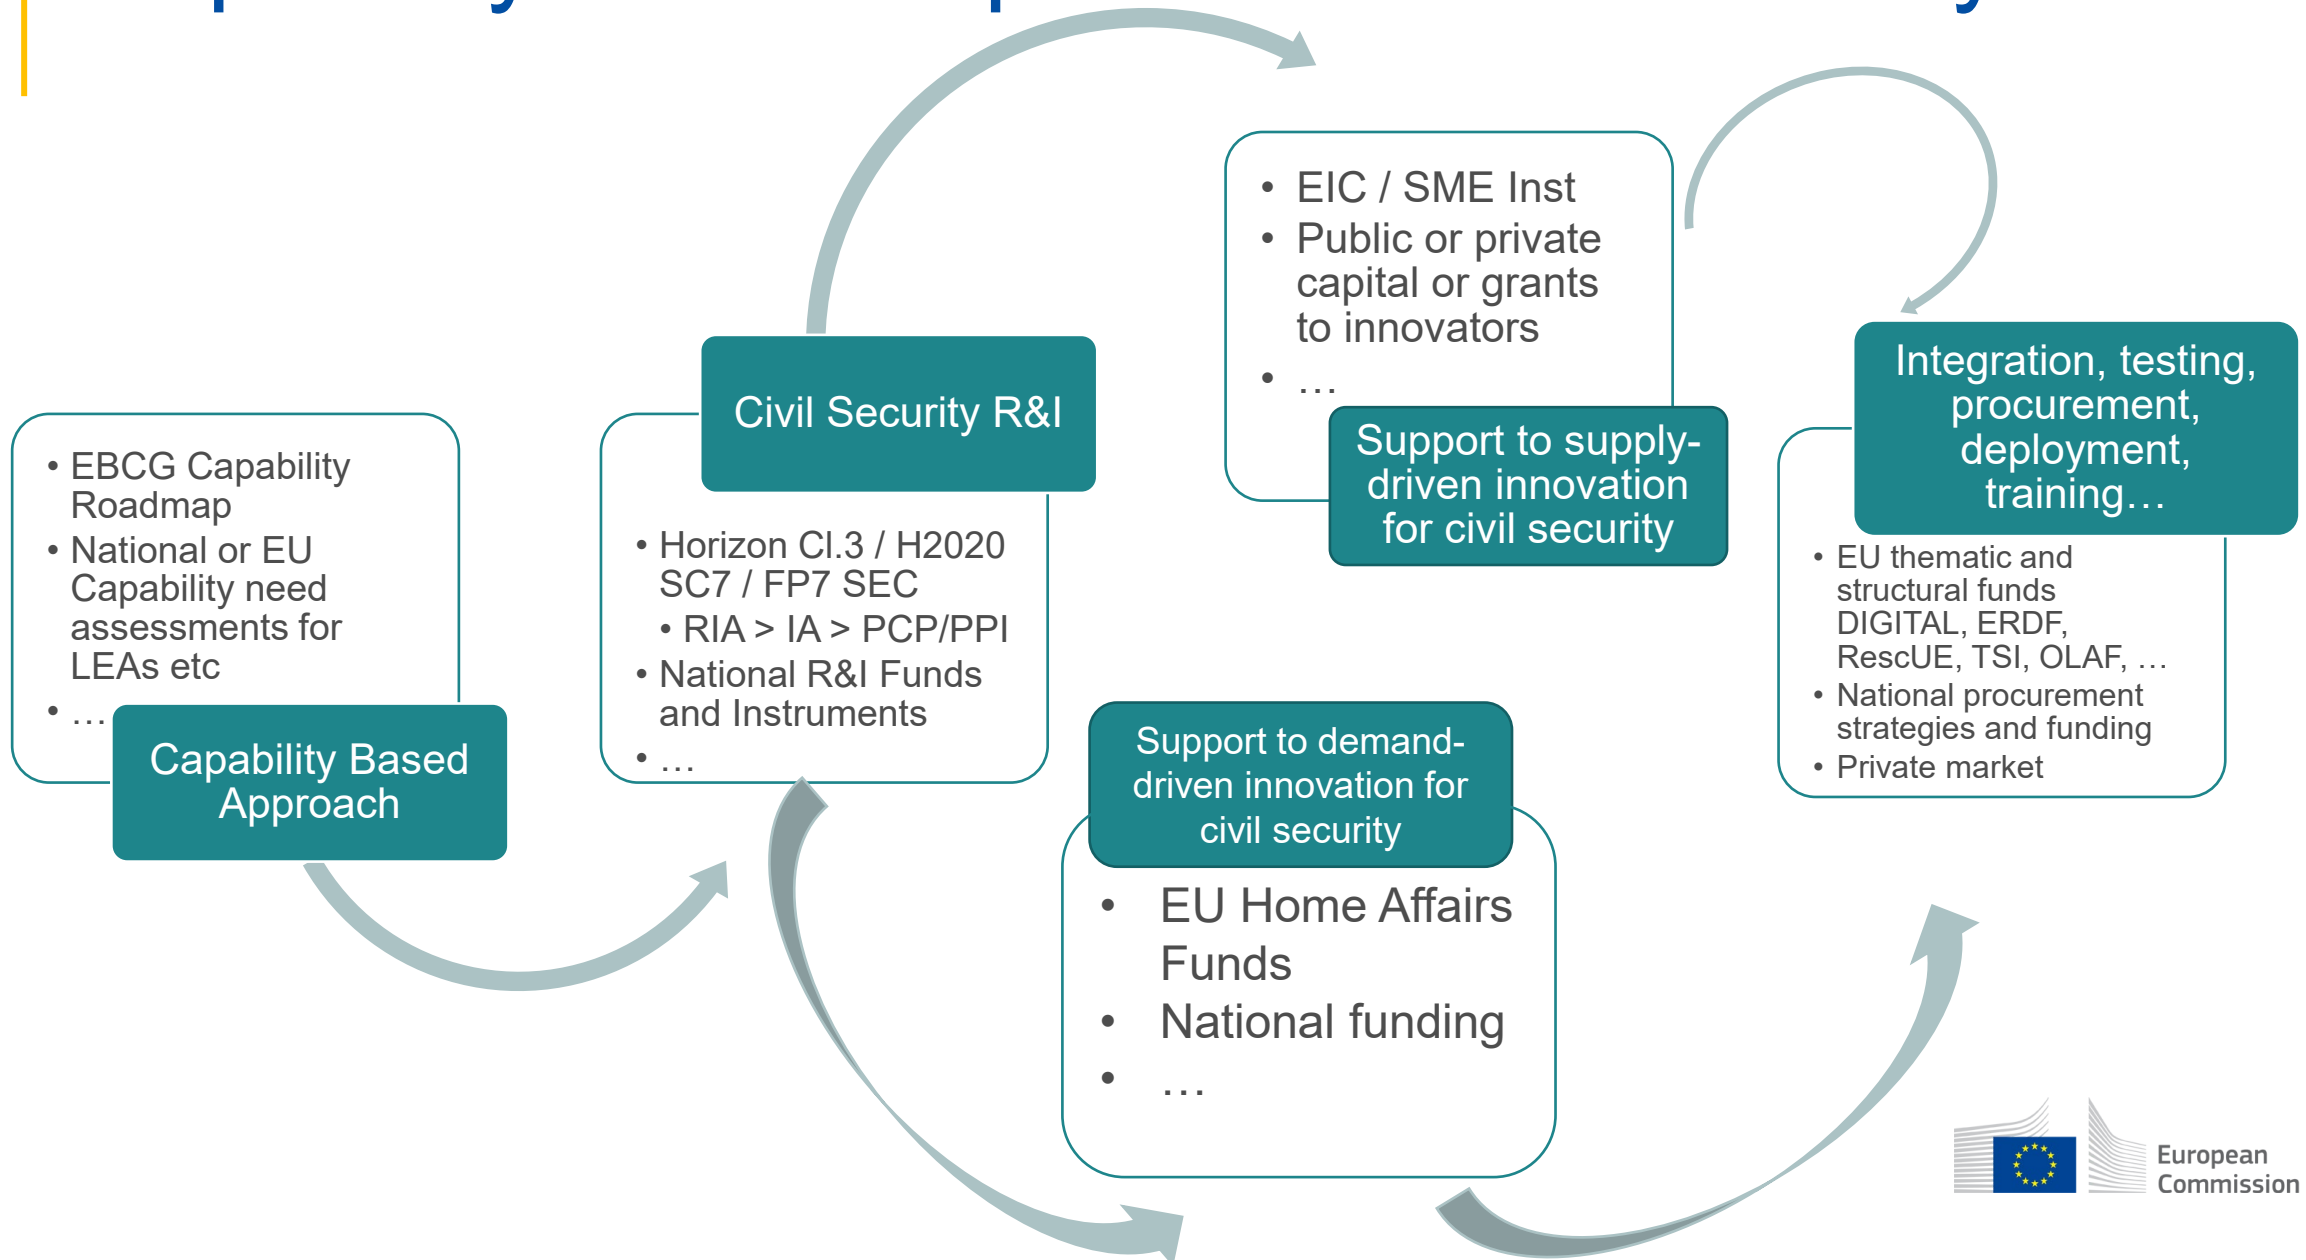

# Pursuing a forward-looking capability-driven approach in security

- How can we be better prepared when addressing current & future security challenges?
- ✓ Move from a reactive to a **proactive approach** in security, based on foresight, prevention & anticipation.
- ✓ Enable police authorities, border guards & first responders to identify & develop the capabilities they need for the future. **R&I** is key here.
- ✓ Use adequate funding instruments to acquire & implement innovative solutions.

# Capability-Based Uptake for civil security R&I

# The impact of EU-funded Security R&I

- Knowledge and Value creation is inherent to Research and Innovation
- What is the impact on our ultimate objective?

*Pour  
memoire...*

*The protection of citizens, society and economy as well as Europe's assets, infrastructures and services, its prosperity, political stability and well-being*

- Biggest challenge for Security R&I:
  - Do innovative technologies and knowledge get to the market?
  - Are innovative products acquired and deployed on the field?

# Knowledge Networks for Security Research & Innovation

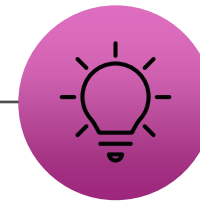

## EU-CIP

European Knowledge Hub  
and Policy Testbed for Critical  
Infrastructure Protection

## DIREKTION

Disaster Resilience Knowledge  
Network promoting innovation,  
technology uptake and multi-  
stakeholder cooperation

## AHEAD

TowArd TecHnological  
ForEsight for IncreAseD  
Security

## ENACT

European Network Against  
Crime And Terrorism

# Thank you
